Adequate sanitary sewer, water, electric utility, and vehicular access to serve the camper/RV must be provided and maintained at all times, as demonstrated on the attached site plan and in the attached assurances.

An electrical permit is required for all electric connections. Before the camper/RV can be occupied, approval from the Building Department is needed for all electrical connections upon inspection.

Approval becomes void upon a violation of any provision contained herein or termination of the applicant's ownership/lease of the property. The permission hereby granted is not transferable to any other resident or address.

If I am pursuing this TUP while I build my permanent residence, I acknowledge that a building permit for my permanent residence is required to be issued before this TUP can be granted, and it will expire upon issuance of CO for my permanent residence.

If approved, issuance of the TUP will accompany a decal, which will expire after 6 months. A valid decal must be displayed on the camper/RV at all times after permit approval. Upon expiration, the property owner shall either remove the camper/RV from the subject property or pursue renewal of the TUP.
